## SECRETARIAL STAFF

*"The student government is a powerful  
And influential part of school life.  
Through Student Council, Hall Monitors,  
Student Court, Building and Grounds,  
And many other groups; the rules and  
Regulations of the student body are set up.  
The service organizations, Hi-Y and Y-Teens,  
Sponsor many projects such as the Can Dance  
And the Penny Drive to help many needy families."*

In order that the students might have their share in the efficient functioning of the school, the Hall Monitors and Student Council were established. The Hall Monitors serve to keep the flow of traffic running smoothly, and under the leadership of Harold Schmidt and the direction of Mr. Ketelaar they succeed with little difficulty. Student Council is presided over by the senior class president, Ben Belknap, and is supervised by Miss Barry. At their weekly meetings, the members of Student Council discuss and attempt to solve the various problems brought to their attention.

BUILDING AND GROUNDS COMMITTEE AND STUDENT COURT

# ACTIVITIES

Certain necessary rules have been set up concerning the students' responsibilities toward the maintenance of the school. The duty of the student members of Building and Grounds is to see that these rules are enforced. Those who violate these rules and commit other offences are brought before the Student Court to state their cases. The Student Court is presided over by a student judge, Bob Horwath, and his assistants, Joe Larscheid and Bill Banerdt.

## STUDENT COUNCIL AND HALL MONITORS

Just like the adults of the village, Shorewood students have the opportunity to do their share in nation-wide drives. In the fall, the junior class sponsors the Community Chest drive. Red Cross donations, handled by the sophomores, are accepted during a two week period in the second semester. Student Council is in charge of the money collected for the March of Dimes.

## ALL-SCHOOL DRIVES

# ACTIVITIES

It is the duty of the Social Chairmen to insure an interesting and eventful social life for all. During the school year they plan many dances for all grades. Among the special events was the Girls' Prom. Although some dances are sponsored by other organizations, the social Chairmen, under the leadership of Mary Louise Goodrich and the sponsorship of Miss Lillie Doerflinger, always work with the particular group in order to make each dance an enjoyable and integral part of the social program.

SOCIAL CHAIRMEN

The Hi-Y club has as its main goal fellowship and the development of Christian character. This organization lends a helping hand to needy people of war-ravaged countries as well as those nearer home. The annual Penny drive collection was used this year for a Christmas party for orphans at the School for Orphans at Sparta.

# ACTIVITIES

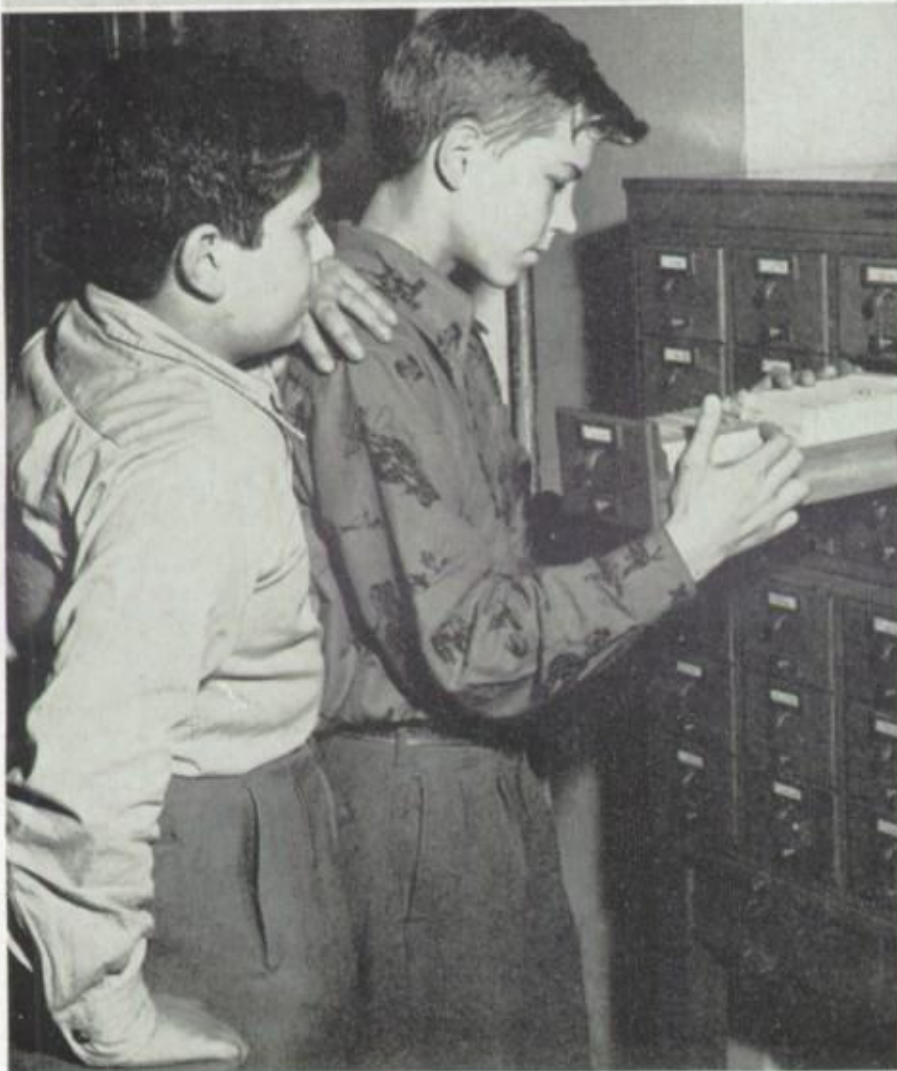

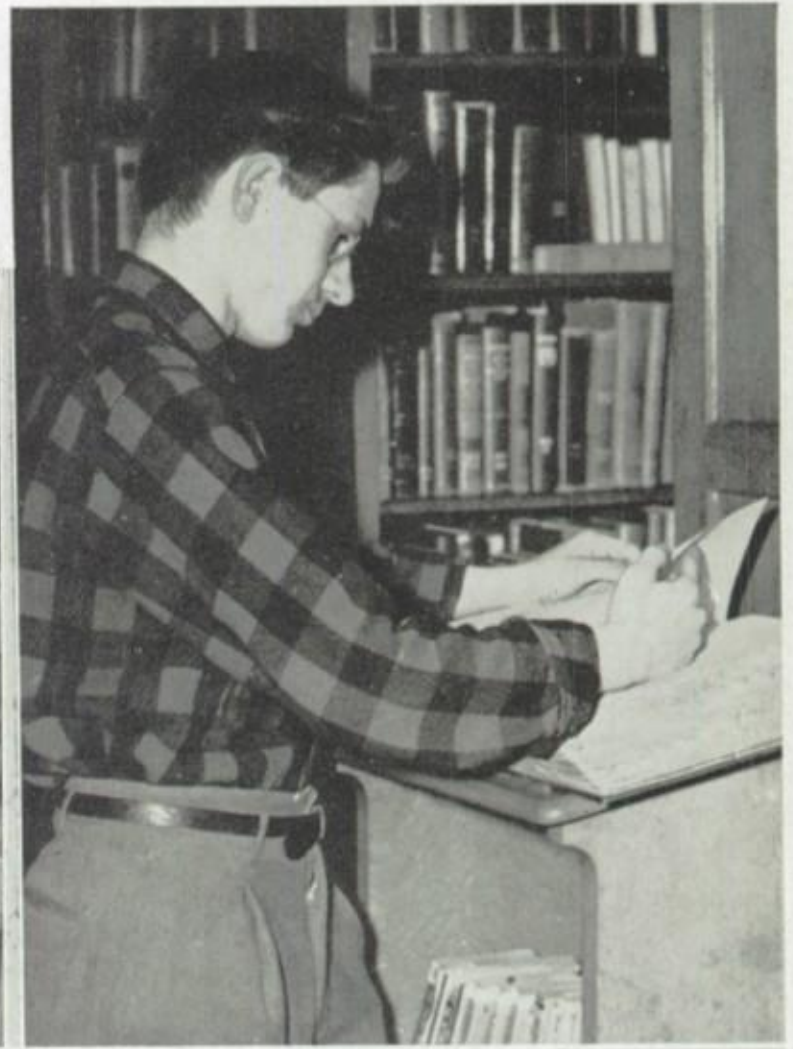

Ever buy something to eat at the concession stand during a football game? Ever redeem an article at the lost and found? Ever attend the Can Dance? Supporting a French school and making toys for the Children's Hospital are also part of the work of the Y-Teens. As for fun there are game meetings, professional demonstrations, plays, and the famous Chili supper. Ring standard meetings, at which hobbies and current problems are discussed, are held at members' homes.

Y-TEENS

*"Silence reigns supreme in the library as Miss Shemory Keeps a watchful eye for overly-talkative readers. A center of good books, factual information, And interesting magazines, many students Spend their leisure hours here."*

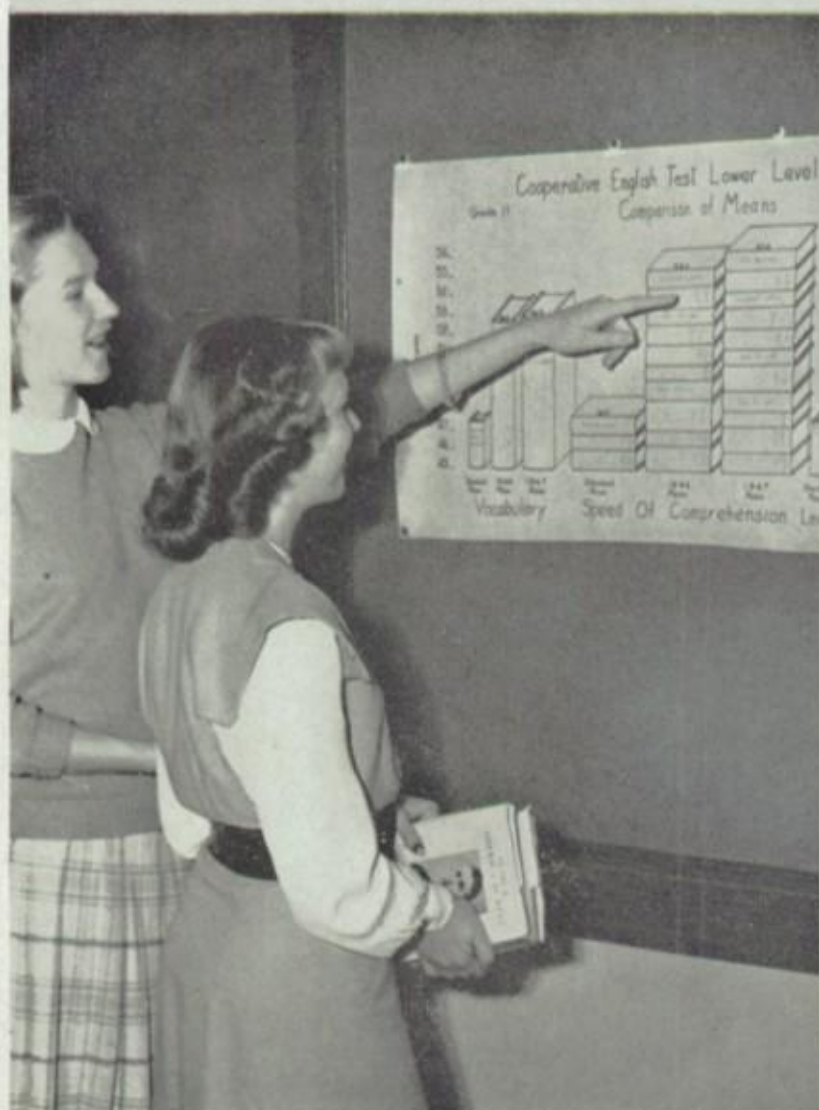

## LIBRARY

Books and magazines for all topics and interests; fiction and nonfiction; silence and a quiet place to study: the only sanctuary that answers this description is the library with its facilities which are used everyday for class and individual research. All aspects are under the direction of Miss Mary Shemory, while several girls are employed after school to restore materials to their proper places. A complete card catalogue makes it easy for even a newcomer to find information.

# DEPARTMENTS

## ENGLISH

The world's greatest literature in the form of poetry, drama, short story and novel, the intricacies of grammar, and techniques of good writing are taught in the English department for the benefit of all students from the seventh grade through the senior year. The department is headed by Miss Frieda Radke. Under her supervision, in addition to the standard English courses, classes are conducted which enable those students with special interests in fields of creative writing and journalism to develop the required techniques.

## SOCIAL STUDIES

One of the most important departments in the school, the Social Studies department, offers throughout the high school course various phases of the study of social and economic problems. One of these courses is required in every year but the sophomore year; and at this time an elective, world history is offered to all those who wish to take it. Field trips add much to the study of important problems, while movies are also used extensively.

# DEPARTMENTS

## LANGUAGE

To make necessary grammar and vocabulary practice more real, language students study the culture, songs and games of foreign nations. Because of the discontinuation of the language clubs, discipline, los estudiantes, élèves, and Schuler have incorporated many of their favorite club activities into their regular class programs. This year's language assembly was presented by Latin scholars who depicted great men of Rome. In previous years the Spanish, French, and German classes have presented pictures of their adopted countries.

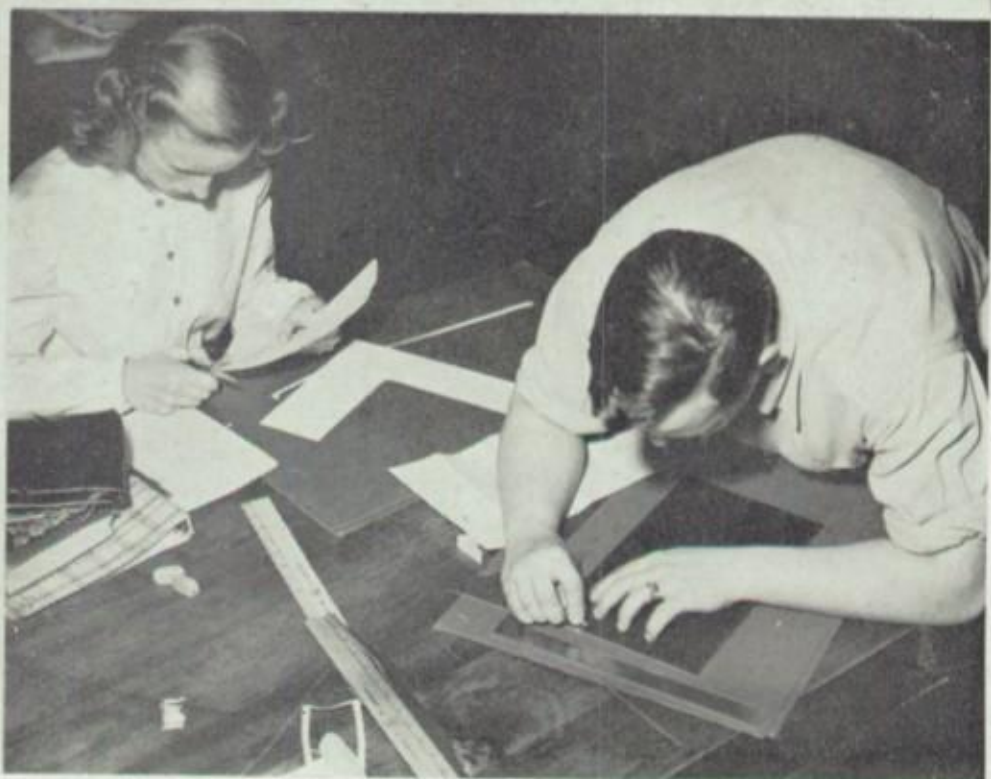

## COMMERCIAL

Students planning to enter the business world and those wishing additional preparation for college find practical training in the Commerical department. In the typing, shorthand, bookkeeping, and business law classes pupils are drilled to near perfection. Students in neighboring classes notice the hesitant "peck, peck" of the beginner change to the rhythmic "tap, tap" of the seasoned typist. After years of faithful service the office practice classes were discontinued because of the lack of enrollees.

# DEPARTMENTS

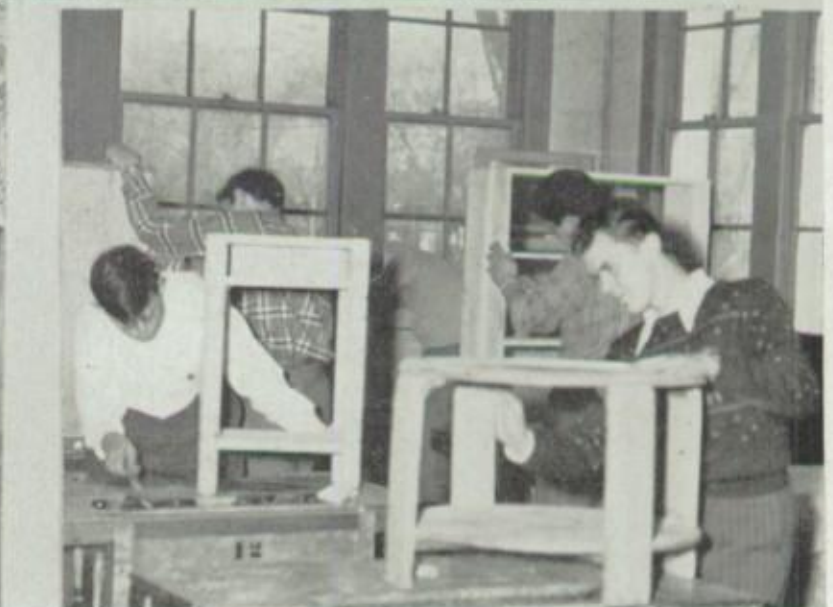

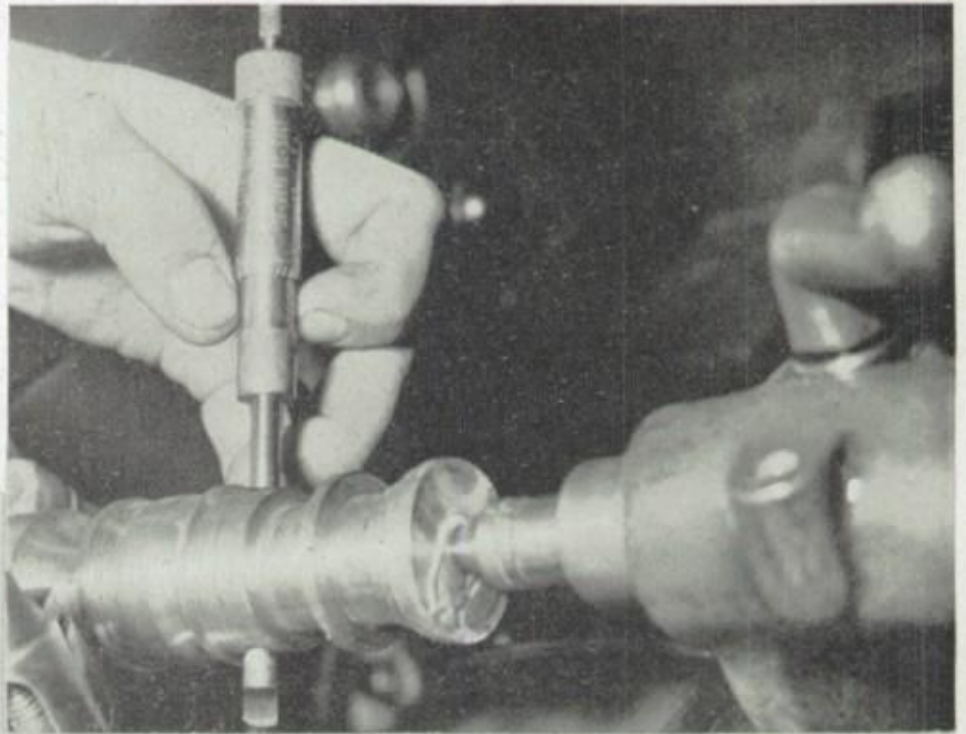

## ART

The dome is the scene of the activities of Shorewood's promising artists. Painting sculpturing, sketching, and crafts are worked into their busy schedule. Under the direction of Miss Elise Johann, many interesting projects are developed and later shown at the annual Art Tea. Not only does the aspiring artist learn to create his own "masterpieces" but also to analyze the works of masters from Rembrandt to Picasso.

*"A different type of Art is practiced  
In the Industrial Arts Building. Through  
The noise of electrical saws, welding equipment,  
And drills, the classes of Wood Shop and  
Metal Shop are carried on. Here the boys  
Make everything from checkerboards to chairs."*

## INDUSTRIAL ARTS

While some students choose courses offered by the Industrial Arts department to open new fields for hobbies, others enroll to gain skill along the lines which some day may be their vocations. The courses offered are art metal work, machine shop, mechanical and architectural drawing, and wood-working. Junior high students receive instruction in the various shops where they do beginners' work so they can judge if they would like to include these classes in their senior high curriculum.

## RADIO CLUB

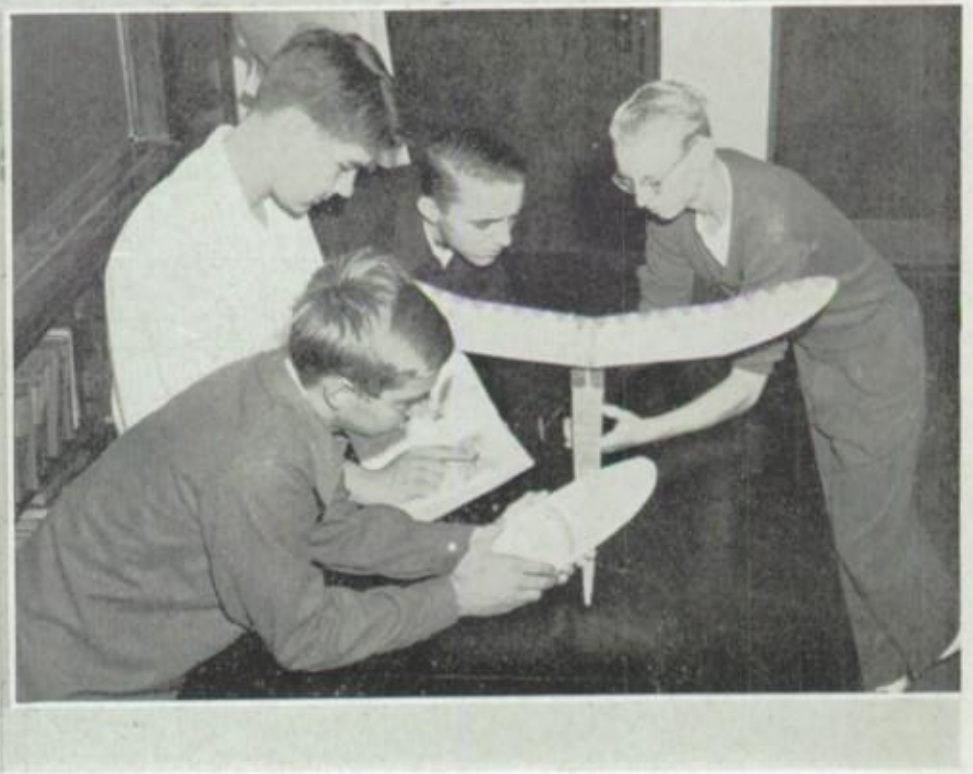

To a group of students, under the supervision of Mr. Edgar Bailey and Mr. R. B. Newhauser, the call "W9HWZ-W9HWZ, Willie's 9 hard working zebras" is a very familiar and heart-warming expression. It is the identification for the little publicized Radio club. These students learn the basic principles of radio as well as how to talk to other "hams" throughout the entire world.

"When not over in the Industrial Arts Building, one can always find Mr. Newhauser in the little workshop Off the physics room where he and Mr. Bailey are advisers of Radio Club."

## SCIENCE

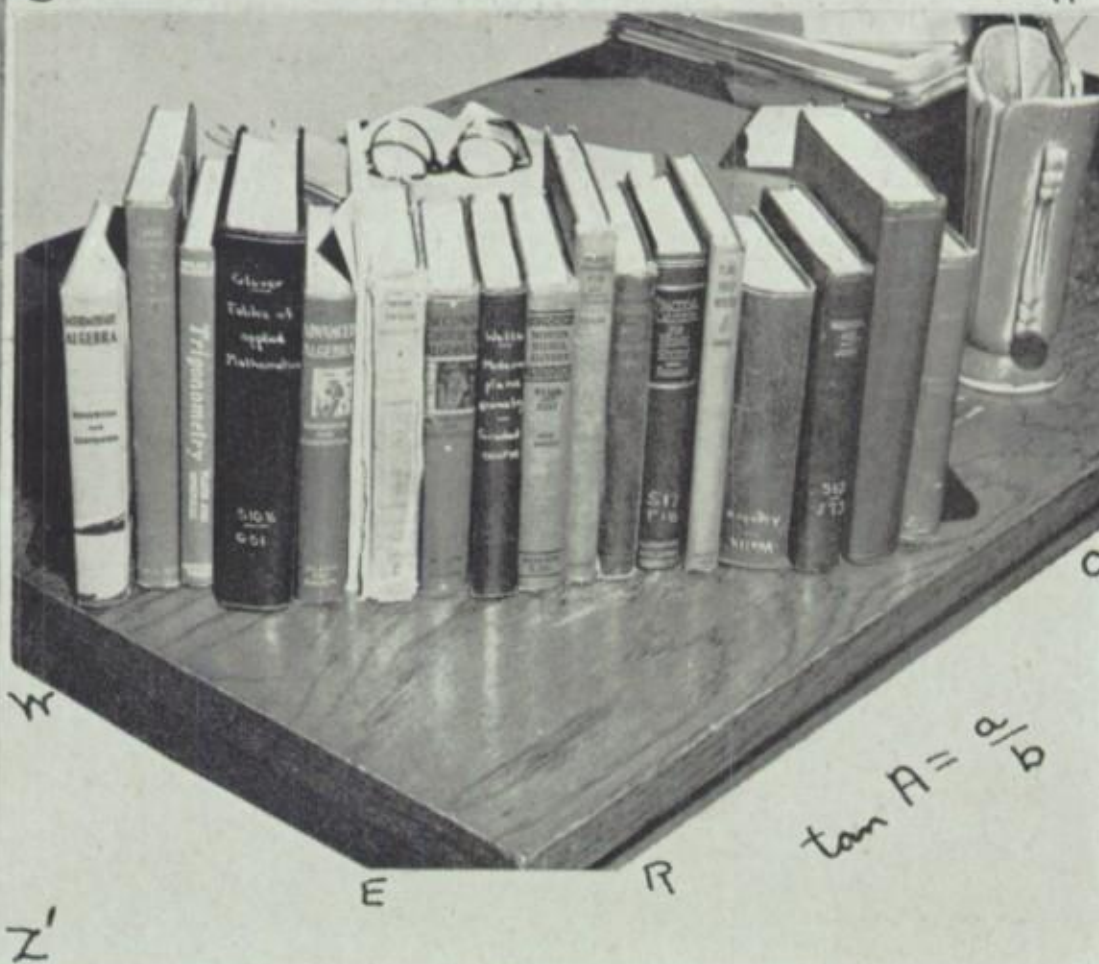

A comprehensive course in science is offered to all students in all grades. After two years of "basic training", the ninth grader has an opportunity for an introduction to both physical and natural sciences. Biology, a required course, is supplemented by experiments in the laboratory and work in the biology garden. Taxing the brains of juniors and seniors, chemistry and physics present more specialized information through experiments and laboratory work, discussions, and exams.

# DEPARTMENTS

## MATHEMATICS

Whether the student is preparing for college or business, he is sure of receiving adequate background under the guidance of the six members of the mathematics department. Many hours have been spent by Shorewoodites solving equations, factoring, proving theorems, and finding logs in preparation for their next day's assignment. Many a guy and gal have worked into the wee hours of the morning trying to finish their math homework.

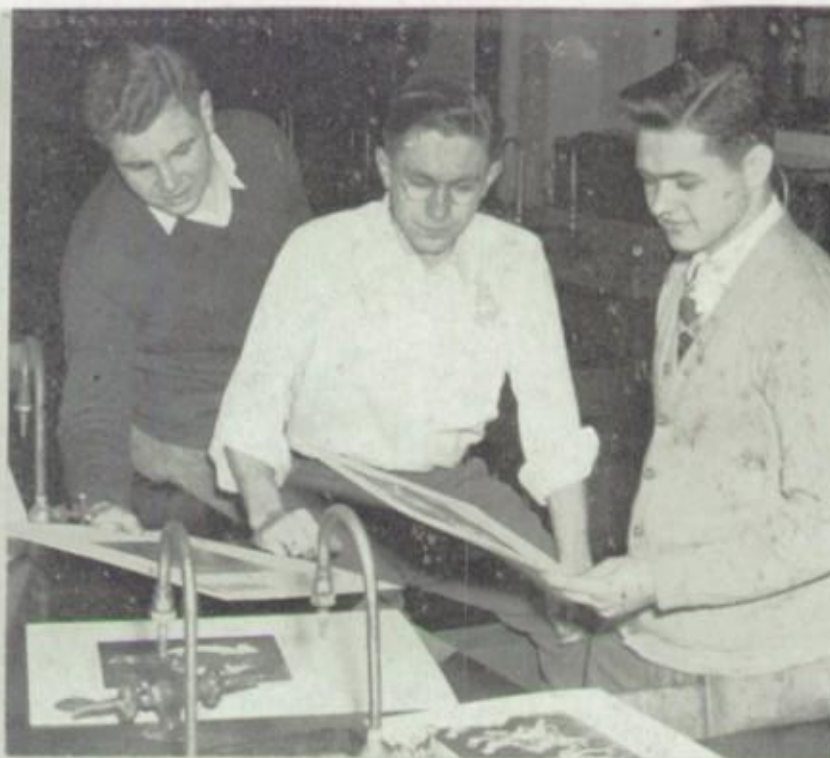

## HOME ECONOMICS

Wonderful odors permeate the air in the vicinity of the Home Economics rooms, while the hum of the sewing machines announce the creation of the "New Look". Textiles, child care, and home decoration are included in the schedule which is designed to give experience and enjoyment to all who are interested. Members of the food classes are active in planning and financing their own luncheons, and Miss Fleming's advanced classes open tea rooms to the public.

# ACTIVITIES

The Camera club, directed by Mr. Harold Wierks, is an important part both of the Copperdome and of Ripples. It supplies them with photographs of school events and activities throughout the year. Among the other activities in 1948 was an exhibit of the members' best pictures and a trip to WTMJ's Radio City where they participated in a television broadcast.

## CAMERA CLUB

Every other week, the school receives an eight page edition of "The Ripples". Winner of the Medalist award and All-Columbian honors, this paper is published by members of the "Ripples" class under the sponsorship of Miss Bertha White and the leadership of Janet Weiss, editor-in-chief, and a staff of editors. It isn't by magic that the school paper appears so periodically, for before it is sent to the printer, each story is designated, copy-read four times, headlined, and checked over by the news, feature, or associate editor, or the editor-in-chief.

As a part of their social activity, the "Ripples" staff plans and sponsors the "Ripples" dance, which is regarded as one of the outstanding social events of the school year.

## RIPPLES

# ACTIVITIES

Busily preparing our annual, the Copperdome staff under the sponsorship of Miss Janet Miller and the leadership of Dona Gay, editor-in-chief, assumes the responsibility of constructing a worthwhile and interesting book that is eagerly awaited by all. In October, the complete Copperdome and Ripples staffs met at a dinner during which Larry Lawrence, editor of the Milwaukee Journal Green Sheet, was the guest speaker.

*"One of the busiest rooms in the Science Building Is the Copperdome office where members of the Staff are compiling the Annual for the current year. In one of the quieter moments in the fall, A staff member might have time to look Out the window and see the band practicing On the football field for the games."*

Sandy Smith has again led the band through a very successful season. This year's schedule consisted of two assemblies, music for the football and basketball games, and with the cooperation of the other musical organizations, the Music Festival and a trip in May to Chicago. There is also a junior high band which gives the students a good background in music.

## BAND

# ACTIVITIES

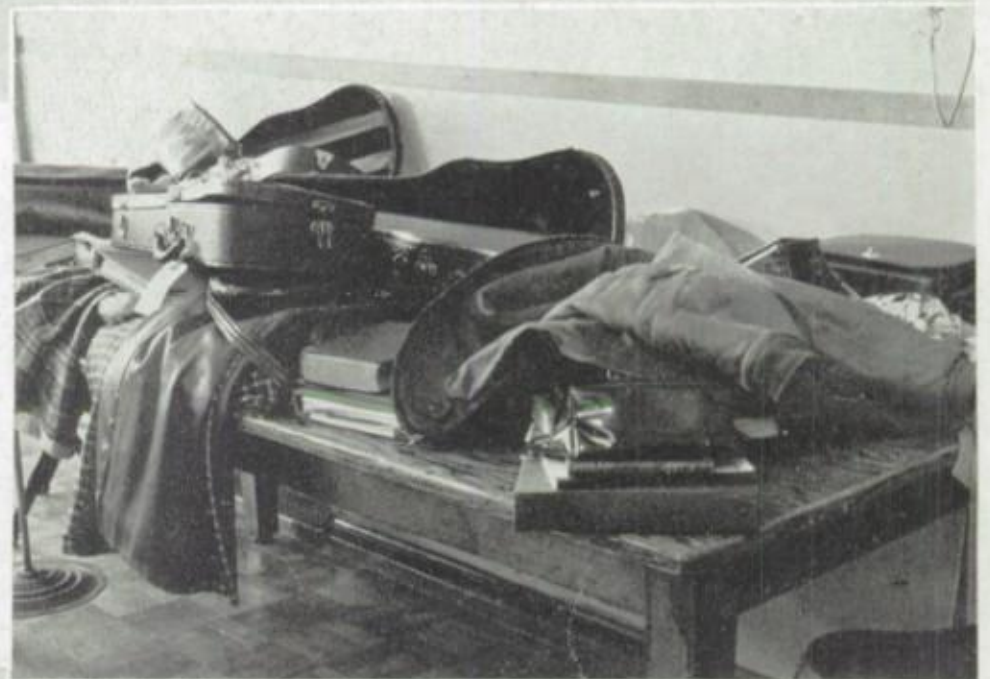

*One of the popular buildings is the Auditorium  
Where many of the school's co-curriculars are held.  
First hours are spent in Dramatic Club, choir,  
Orchestra, or band; and the cafeteria is always  
Crowded with people trying to catch up on their  
Homework and the latest gossip. A busy place  
Is the stage where the crew is always industriously  
Preparing the sets for the coming productions.*

Musical tones ranging from the high soaring melodies of violins and violas to the low thunderous notes of basses and cellos, musical sounds varying from the soft smooth clarinet or flute cadenza to the loud commanding voices of trumpets or trombones: these effects are combined and blended by constant practice into the orchestra's regularly presented programs which are familiar and appreciated by the adults and grade and high school students throughout the village.

## ORCHESTRA

# ACTIVITIES

Combining the voices of about one hundred members, the A'Cappella choir presents a series of programs throughout the year. The Music Festival and the Christmas play are among these, and during them, the choir exhibits its repertoire which consists of typical choir selections in addition to spirituals, folk songs, and religious numbers.

A'CAPPELLA CHOIR

Annually the biggest event of the year for Mixed chorus is the operetta. Arranged and conducted by Miss House, "Masquerade in Vienna" by Johann Strauss was presented by the Mixed chorus this year. Besides a preview of the operetta in an assembly, the Musical Festival and the music trip were also on the 1947-48 agenda.

## MIXED CHORUS

# ACTIVITIES

Attending practice twice a week, junior high girls are trained in glee club for future participation in the choir or Mixed chorus. Directed by Miss House the club entertains at lectures and sings at the Lake Bluff and Atwater schools. During the Christmas season the girls display their skill to fellow students by beautiful caroling throughout the halls.

GLEE CLUB

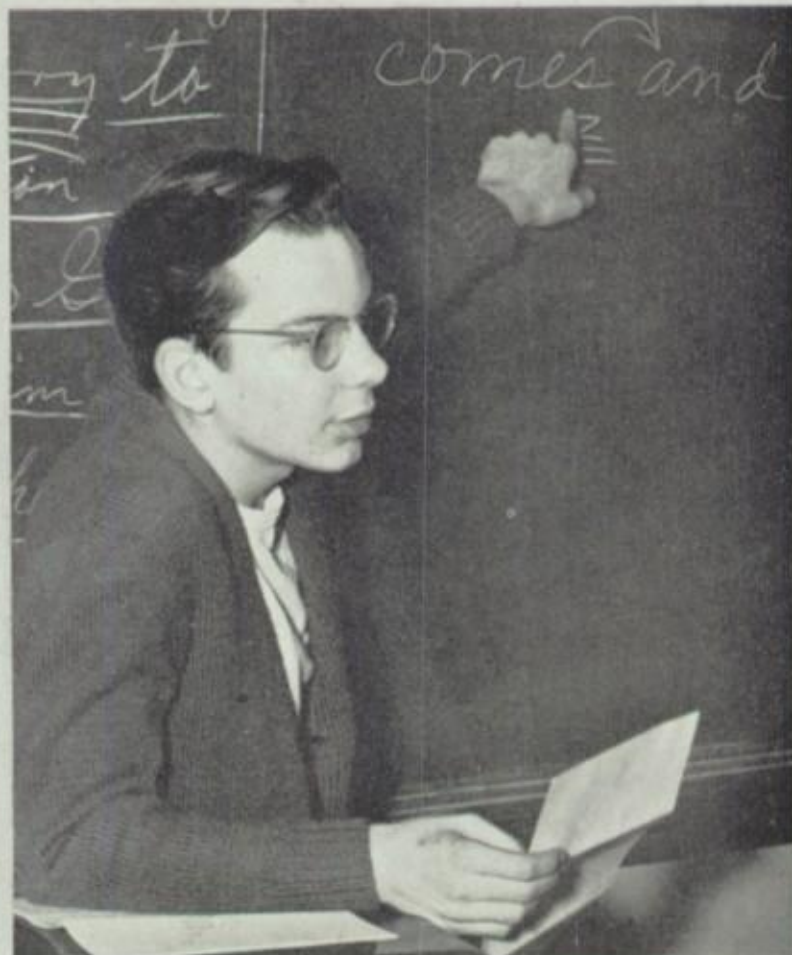

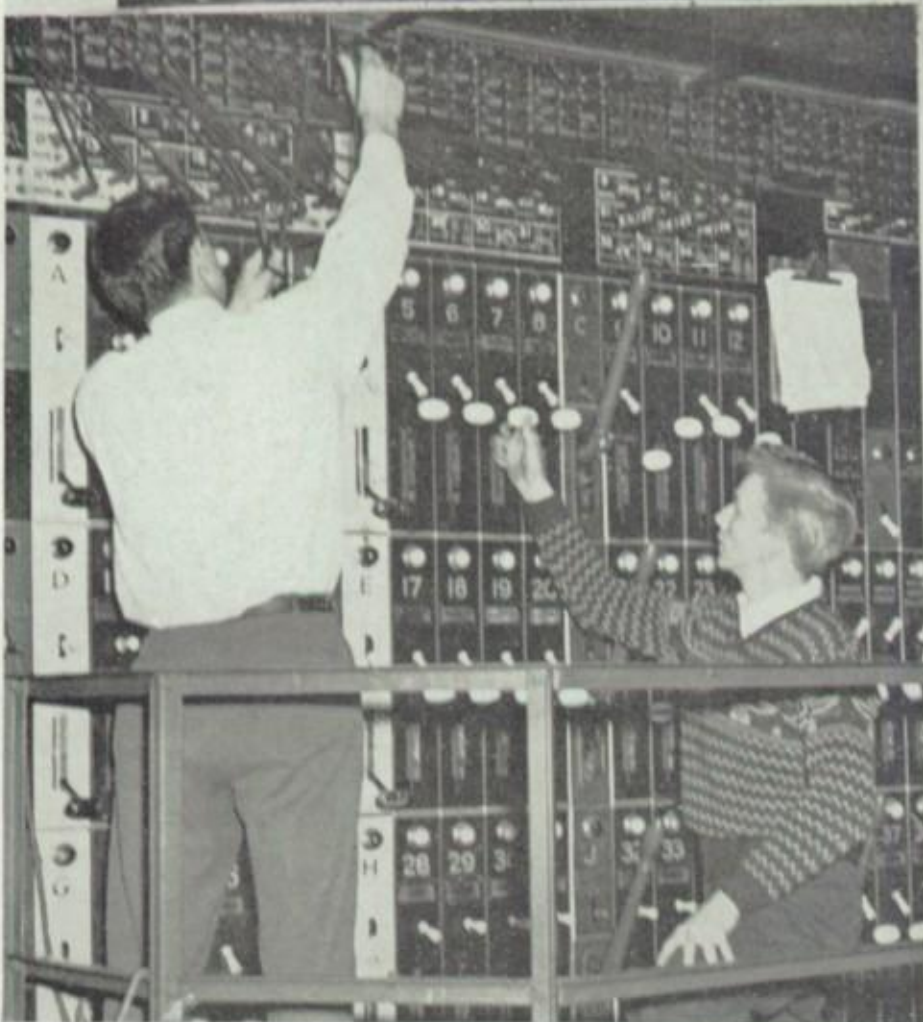

## MUSIC

During the two years in junior high, students attend regularly scheduled classes in music appreciation and fundamentals. In senior high they may continue with music appreciation and also add an instrumental or vocal lesson to their curriculum. These lessons are taken once a week during the physical education hour. Shorewood's musicians gain further experience by becoming members of the band, choir, orchestra, or a piano class which presents several recitals each year.

# DEPARTMENTS

## SPEECH

Cicero and Demosthenes had nothing on these eager speech students. Besides the fundamentals of good speaking, they learn how to carry on conversations intelligently and correctly. The assembly training and production classes are kept busy with the writing and presentation of the assemblies. The atmosphere of these classes is most informal and originality reigns supreme.

Under the roof of our Auditorium many students gather for school activities and to meet their friends and discuss current happenings. Meetings of the Student Council and Y-Teens are held here, as well as the informal gatherings to see moving pictures and to do homework in the cafeteria during first hour and at noon.

## AUDITORIUM ACTIVITIES

# ACTIVITIES

In the month of November, the year 1947, strange phenomenon took place. Lo and behold, Shorewood became the vacation spot for the ever present and ominous shadow of Death. The students of Shorewood saw him on their own auditorium stage in the person of Ted Rosenak who, with the aid of a fine supporting cast, portrayed him convincingly in the well known play, "Death Takes a Holiday". The play was directed by Miss Margaret Sturr, with Mary Clinton as student director.

## DEATH TAKES A HOLIDAY

Five one acts were presented during the month of March, under the direction of Mr. Henry Burnett, Miss Carolyn Lillibridge, and Miss Margaret Sturr. On March 2, "The Red Lamp", a comedy of mistaken identity, was presented in an all school assembly. "See America First" was the exchange assembly with Rufus King, and "The Elves and the Shoemaker" has the children's theatre play. The two one acts presented for the evening's performance were "Goodnight Please", concerning a man who wanted to remain in bed for a week, and "The Devil and Daniel Webster", a play which concerns itself with a man who sold his soul to the devil.

## ONE ACTS

# ACTIVITIES

In May the senior class sponsored the visit to Shorewood of **The Royal Family**, with Nancy Greaves as a famous actress, supported by Ronnie Anton as her prodigal brother. The play was directed by Miss Margaret Sturr with Joanne Nock as student director. The fine supporting cast, excellent leads, and good directing all contributed to that memorable whole which was the Senior class play of 1947.

## THE ROYAL FAMILY

When is the cafeteria not a cafeteria? When it is the Greyhound! Tables and chairs give way to a dance floor, music issues from the juke box, lights are dimmed, and couples begin to dance. If one's stomach rules over his heart, then the place for him is the hot dog stand or game room where coke, hot dogs, and ice cream abound. Through the efforts and supervision of Mr. Rinka, the Greyhound is open for fun seekers of all grades.

If I ever finish this  
 I'll be lucky.  
 I want to wish you  
 all the luck in the world  
 at Wisconsin next year,  
 and for a long time to come.  
 If you ever have a few  
 spare minutes, drop me a  
 line next year and tell  
 me what you're doing.  
 Lots of love,  
 Barbil B.

*"More formal (and sometimes less) than the Greyhound, are the dances held on Saturday nights In the gym. Be it a square-dance or The Junior Prom, a date dance or a mixer, the Enthusiasm is great."*

During the school year there are many social events for couples only, but there are also events for the purpose of meeting other students. These mixers, sponsored by the Social Chairmen, include ninth grade parties, special dances such as the Polka Frolic, and parties for the seventh and eighth graders. Four Saturday nights a semester are devoted to square dances under the direction of Mr. Nolan.

## MIXERS

# ACTIVITIES

Homercoming weekend at Shorewood is synonymous with the most gala event of the football season. The annual assembly and parade with the accompanying mischief and horseplay are merely introductions to the festivities. Culminations of the activities are found in the game and dance. Most thrilling part of the game was the resulting 19 to 19 tie with South Milwaukee.

## HOMECOMING

Highlighting the Christmas social season are the annual Christmas Dance and the Alumni Tea. An informal atmosphere pervades the Alumni Tea where many "grads" reminisce with seniors and other alumni. Upper classmen meet more formally with former students at the Christmas Dance in the gym.

## CHRISTMAS

# ACTIVITIES

"San Souci", no, Shorewood has not become a French speaking school, but this phrase which means "without a care" was the prevailing influence at the 1947 Junior Prom. Boys and girls with light hearts and literally without a care danced in the soft lights and through an extravaganza of flowers. These exotic flowers, soft lights, and sweet music set the mood for the peace, fun, and all around pleasant time which existed at last year's Prom.

## JUNIOR PROM

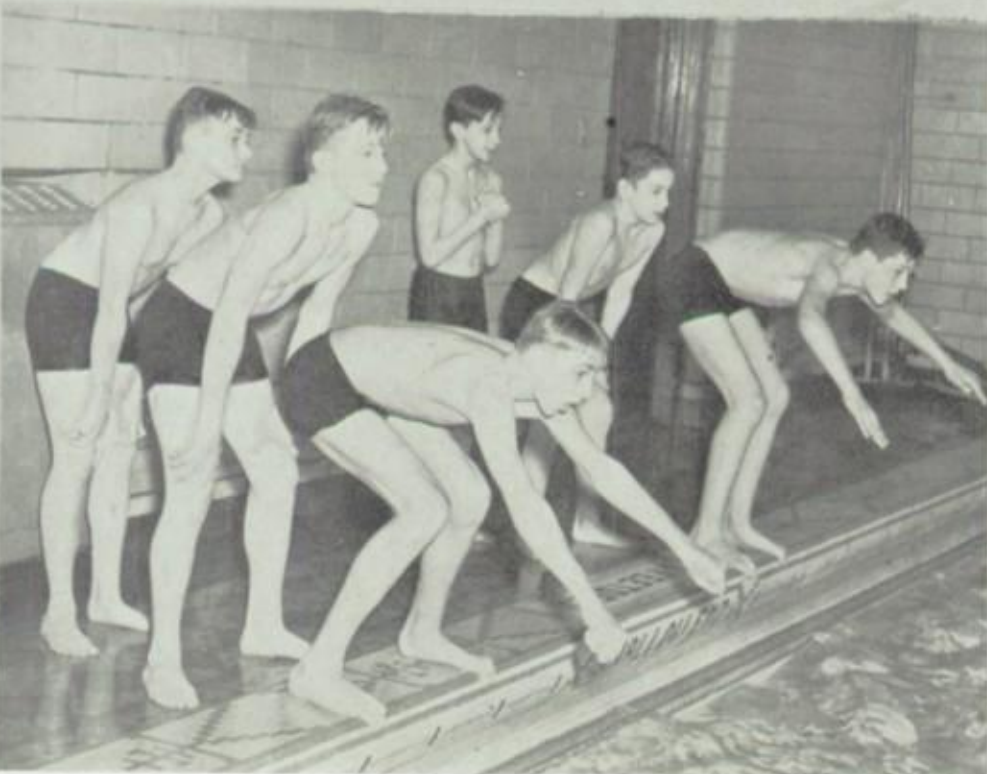

## HEALTH and HYGIENE

Health and hygiene, as important in the school as in the home, are included in the program of the student at Shorewood. Routine checking on vision, hearing, posture, teeth, and the annual tuberculosis test are only a few of the many tasks of the health department; while the prevention of diseases and the functions of the body are among the subjects discussed in the hygiene classes. All this is taken in the stride of a Shorewood student.

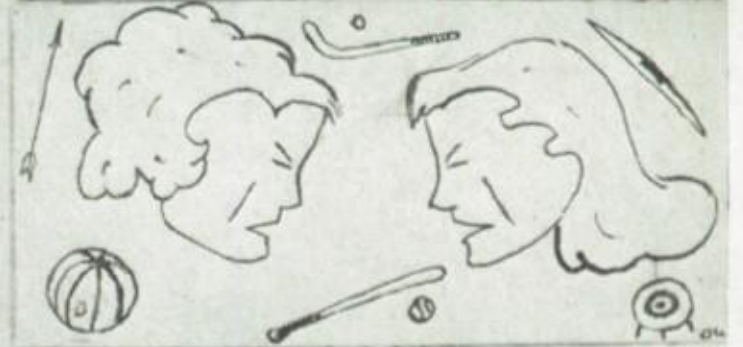

# DEPARTMENTS

## BOYS' PHYSICAL EDUCATION

Fine supervision in all sports is responsible for physical education being the favorite class of almost every boy. "Oky" has basketball, football and track classes. Coach Colosimo has taught many to be capable swimmers and also has a class in the fundamentals of wrestling. "Ole" has arranged a fine golf class with play on the Lincoln Park links. It is easy to see why many of our students become proficient in various fields of sports.

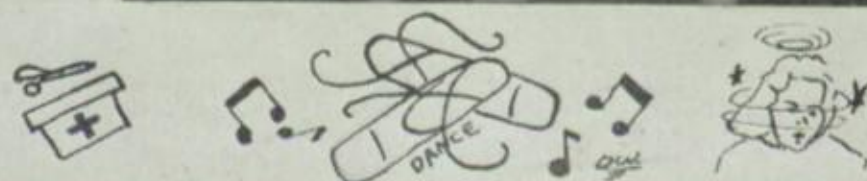

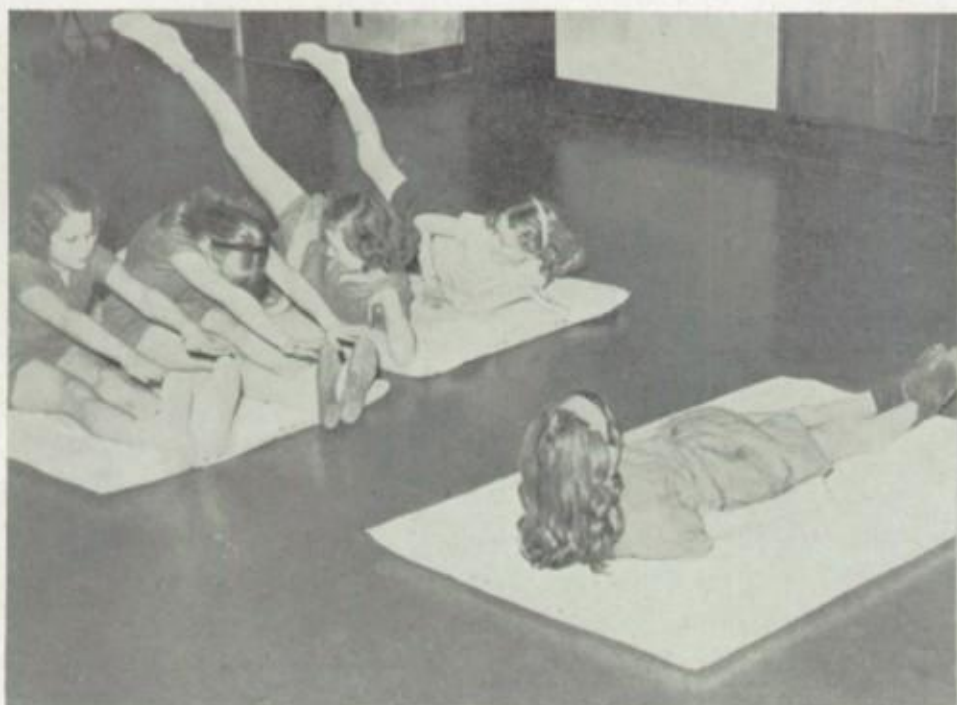

## GIRLS' PHYSICAL EDUCATION

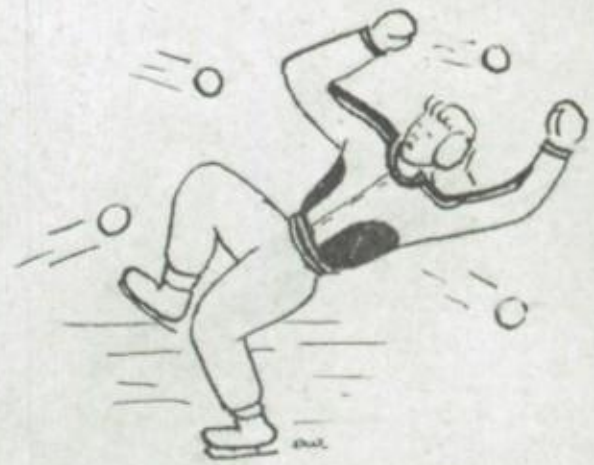

The outdoor sports, field hockey, baseball, soccer, tennis and archery, are the fair weather friends of the girls in our physical education department. Individual, as well as team sports, along with swimming and first aid, occupy the winter months. As integral part of physical education training is showering and its accompanying chatter. Aside from the hygienic viewpoint, its value lies in the clearing of Shorewood's gossip, and the creation of more jobs for industrious laundries.

## VARSITY FOOTBALL

Coach "Whitey" Ketelaar again assembled a strong gridiron machine which finished among the leaders of the Suburban Conference, and only a series of injuries kept them from a possible championship. A "ten second" backfield with a big forward wall ahead of it was the backbone of this year's squad.

In the season's opener a keyed up Greyhound squad romped over Whitefish Bay in the annual Glory battle. The highlight of the game was the brilliant performance of Bill Smith, who scored three touchdowns. The Red Raiders from Wauwatosa provided the opposition for the Red and Grey in their next test, in which the Greyhounds came from behind to gain a thrilling 14 to 13 victory. The magic toe of Bob Smith provided the margin of victory. With these two conference tussles behind them, the gridmen encountered a strong East Division team in a non-conference struggle. East held a 7 to 0 lead until the final quarter when Bob Horwath caught a long pass for a touchdown, however the Greyhounds missed the extra point and the game ended a few minutes later with the score standing at 7 to 6 in East's favor. Returning to conference competition, the Ketelaarmen defeated Nathan Hale by a score of 14 to 12. The underdog Hale eleven, sparked by the brilliant Harry Geldein, almost pulled the game out of the fire when they reached the Greyhound nine yard line. A field goal attempt by Geldein in the final seconds was blocked, and the Greyhounds emerged as victors. With three consecutive victories in tow, the gridsters travelled to West Milwaukee, where the Red and Grey romped to a decisive 20 to 12 triumph.

The squad next faced a strong West Allis Central team, which featured the brilliant play of all state halfback Art Lastofka. The outstanding play of Lastofka and his running mate, Nick Krsnick, proved to be too much for the Greyhounds and they met their first conference defeat by a score of 20 to 7. The Greyhounds then returned home to face the defending champion South Milwaukee Rockets in the homecoming clash. South Milwaukee led for three quarters by a 6 to 0 margin, but in the final period, the game blew wide open

and a total of 32 points were scored by the two teams. The scoreboard showed a 19 to 19 tie when the final gun sounded after the wily Greyhounds had scored two touchdowns on the little used sleeper play. Following this spine-tingling contest the Red and Grey suffered a letdown and played their poorest game of the year in losing to Cudahy by a 33 to 6 score. In the season's finale the Greyhounds reached their peak in defeating the strong Waukesha Blackshirts by a 6 to 0 score thus knocking the Blackshirts out of a possible title tie.

At the season's close Coach Ketelaar awarded letters to eight seniors, twelve juniors and one sophomore while Bob Horwath and Sherry Temkin were elected co-captains by their teammates. For his outstanding play Bob Horwath was elected to the all conference squad while Bill Smith garnered a spot on the second eleven.

## WEASEL AND FROSH

Under the direction of Coaches William Olson and Louis Erickson respectively, the freshman and Weasel grid squads played an ambitious schedule against various teams in this area. The freshman team failed to win a game this year but most of the games were close contests. The Weasels had a very successful season. The season's record of three wins, one loss and two ties was good enough to win for them the championship of the North Shore Football League. One of the finest squads in recent Weasel history was the label attached to this 1947's squad.

## JUNIOR VARSITY BASKETBALL AND FOOTBALL

Under the direction of Coaches Chester Rinka and John Delaney the junior varsity basketball and football teams gained the experience necessary for future varsity competition by playing strenuous schedules against various strong teams in this vicinity. The football "Bees" were outmanned in most of their games and as a result wound up the season with only one win to their credit. This record can be explained by the fact that most of their opponents used varsity reserves while Shorewood stood firm in its policy of using only bonafide members of the "B" team. The junior varsity basketball team played a schedule composed of other Suburban Conference "B" teams. After a poor start the squad staged a fast finish to complete the season record with a record of seven wins and seven losses.

## BASKETBALL

"The Comeback Kids of 1948." This would be an appropriate name for "Wizard Will" proteges. Despite losing their first eight games, the basketekers made a complete about face and proceeded to play better than .500 ball the rest of the season. The squad started the season with only two returning letterman; so inexperience took its toll during the first half of the season, but under the expert tutelage of Coach Olson the squad became a feared quintet during the latter part.

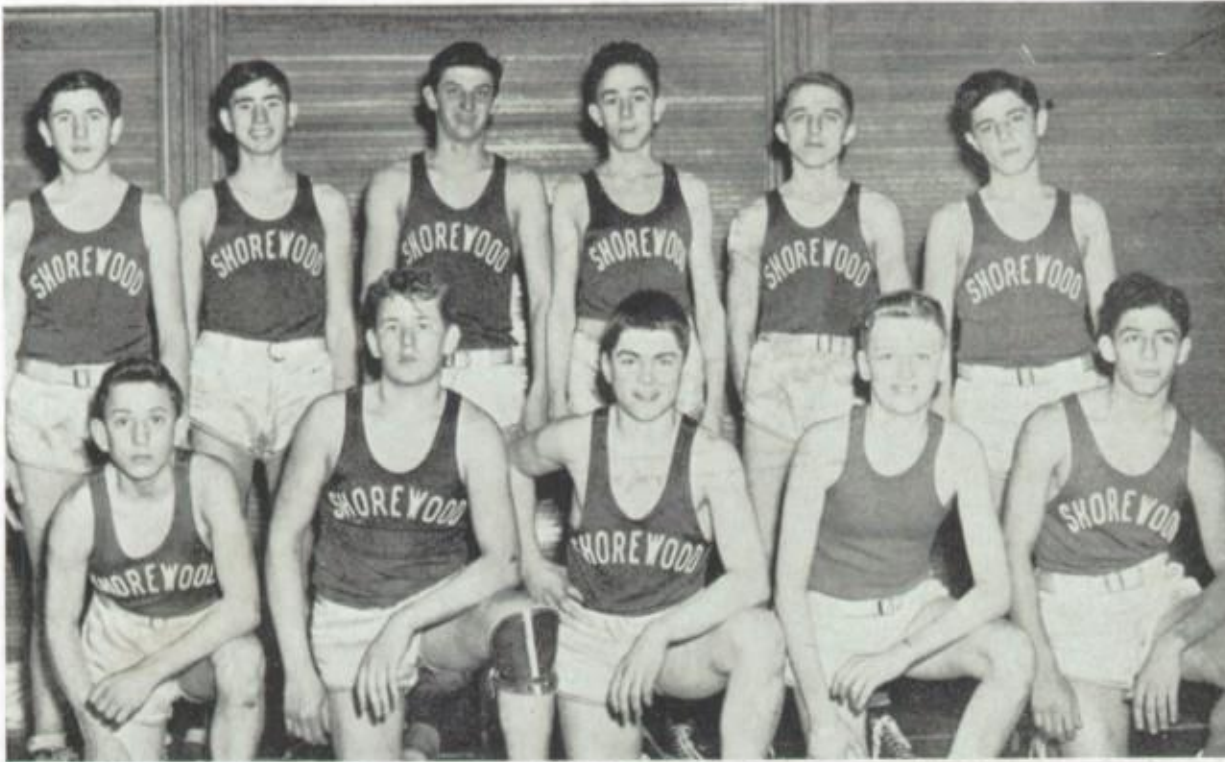

In the first encounter of the season the hoopsters met Riverside, the defending City Conference champion. In a game in which experience told the story the Greyhounds were defeated by a 37—26 score. In their next tilt the Olsonmen started their conference campaign facing the South Milwaukee Rockets, defending Suburban Conference champions. The Red and Grey team was outclassed and lost by a 37—22 score. In rapid succession the cagers met Waukesha, Whitefish Bay, West Allis Central, West Milwaukee, and Wauwatosa in conference tussels. Against each of these adversaries the inexperienced hoopsters were outclassed and defeated.

However, the the boys showed their perserverance by practicing several hours each day during the Christmas vacation; this extra practice and the will to win soon paid dividends, for after losing to Wisconsin Rapids the Red and Grey quintet finally entered the winners' circle by upsetting a strong Stevens Point crew by one point. This victory inspired the squad and in their next game they reached one of their high points of the season when they defeated Whitefish Bay. The margin of victory was again one point thus giving the basketekers two consecutive one point victories. This victory was unusually impressive because earlier in the year the Bays had soundly trounced our hoopsters. The bucketmen then absorbed a 34—25 defeat at the hands of the Nathan Hale Huskies. Following this setback the cagers pieced together their longest victory skein of the year. After defeating Cudahy and walloping Port Washington, the Greyhounds reached their zenith in defeating the strong South Milwaukee squad in a hard fought game. This winning streak was ended when a smart Waukesha team all but overwhelmed the Crimson with their classy shooting. The final gun sounded with the score standing at 45—21 in Waukesha's favor. The squad wound up its regular season by losing to West Allis Central and to Wauwatosa, the 1948 state champs, in their final conference games.

With the regular season completed the regional meet became the next objective of the basket shooters. In their first regional meet encounter the Greyhounds romped to a decisive 35—19 victory over an outclassed Cedarburg team. In the second round of the meet the Red and Grey met Waukesha. Despite playing their best game of the year, the Shorewood cagers were defeated in a heart-breaker by the score of 29—28.

The following members of the team were awarded letters: Co-captains Bob Horwath and Bill Smith, Jerry Kenkel, Bob Smith, Harvey Miller, Tom Laffey, Tim Sauer and Bill Blake.

## CROSS COUNTRY

Led by a nucleus of four returning lettermen, Coach Zander's cross country squad started the season by meeting Whitefish Bay and Port Washington in a triangular meet. The thinlies scored a win over Port Washington but were defeated by the veteran Bays. In a meeting with the state champion, Wauwatosa, the Greyhounds were soundly trounced. The team next faced a strong Riverside squad and gave a good account of itself despite losing a heartbreaker by the score of 31-24. The squad ended the dual season on a victorious note by nosing out Port Washington. In the suburban test the thinlies came in sixth despite the brilliant running of Fred Schlaepfer who finished eighth in the individual standings. In the state meet, with a large field competing, the Greyhounds finished sixteenth.

The major letter winners on this year's squad were Jim Hacker, Willard Holz, Fred Schlaepfer, Maurice Volland, Walter Brandis, Bill Gaedke and Clarence Moerwald. This group of veterans was given able support by Dave Carney, Ted Beese, and Clarence Utke. The underclassmen on the squad showed to advantage in several meets and gave promise of making next year's squad a formidable one.

## SWIMMING

Starting the season on a victorious note, the Colosimomen jolted Washington by a score of 61-22. In their next meet the finmen splashed their way to victory by one point. Waukesha, the state champion, was the next team to taste defeat at the hands of the Greyhounds. Central, West Milwaukee, Pulaski, and Tech were other teams conquered by the merman. A powerful Alumni team and the perennial state champs, Wauwatosa, handed the finmen their only defeats in dual meet competition. The Red and Grey aggregation placed second in the Suburban Meet, Third in the Waukesha Relays, and third in the State Meet.

Two of the most consistent point makers on the squad were seniors Jim Lang and Ted Rosenak. Both were undefeated in their specialities. Jim was the state champion diver while Ted was the state 75 yard medley champ. Other boys who performed admirably were Harry Schmitt, Bob Olin, and Steve Wholihan. The surprise of the year was the exceptionally fine showing of the sophomore members of the squad.

Letters were awarded to Ted Rosenak, Jim Lang, Harry Schmitt, Bob Olin, Marshall Melgard, Dave Safer, Gene Kuhns, Jim Wolters, Steve Wholihan, Barry Trader, Dave Foster, Dave Jones, Dave Peterson and Jim Hobbs.

## HOCKEY

Encouraged by the long seige of cold weather the hockey team proceeded to carve out one of its finest seasons under the tutelage of Coach "Ockey" Erickson. A tie for the championship of the Southeastern Wisconsin Prep Hockey League and a season's record of 13 wins, 3 losses, and 1 tie were the crowning achievements of this year's squad.

Starting the season in good style the skaters smashed their way to an easy 6-2 victory over West Bend. In their next encounter the Greyhounds met a strong Madison West team and lost a spine tingler by the score of 6-5. After this defeat the pucksters proceeded to roll up victories over West Bend, St. Francis, and St. John's before losing to Country Day by a score of 6-4. The squad then hit their best form of the year by taking six consecutive wins including an easy win over the co-champion Country Day team. Other teams defeated in this victory skein were Eagle River, St. Francis, Rhinelander, Messmer, and St. John's. The squad then made its annual trip to northern Wisconsin. This trip besides producing several fine hockey contests also produced many fine tales as told by the "Fox of the Flambeau". In their first northern encounter the "Ockeymen" were tied by Rhinelander when a Hodag desperation shot slipped into the Greyhound goal in the final seconds of the contest. The skaters faced Eagle River in a contest played on an indoor rink. The Greyhounds had little trouble in gaining a decisive 5-2 victory. After returning home the Greyhounds cinched a tie for the championship by defeating Messmer by a score of 5-1 in their conference finale. After losing to Madison West by a score of 6-4 the pucksters wound up the season by winning a non-conference overtime tilt from St. John's.

The squad was plagued by injuries for a great part of the season. The loss of Dave Isola, veteran goalie, during the early part of the campaign might have proven disastrous but Bob Miller stepped in to do a great job. Other Greyhound players injured were Brad Van Deventer and Ben Belknap.

The highlights of the season from an individual standpoint was the record-breaking scoring of Tom Krueger. He amassed a total of thirty goals during the season. Other high scorers were Jim Krueger and Joe Baer. Outstanding all around men were Dick Weeks, Ray Erickson, and Elwood Modrow.

## TRACK

This year's track team was a well-rounded squad that was brought to it's peak under the expert tutelage of Head Coach Louis Erickson and Coaches Kurt Zander and Richard Scibby. Pacing the squad in the field events were high jumpers Jerry Kenkel, who hit six feet two inches, and Ray Erickson, who hovered around the six foot mark. Shel Brandtjen and Hugo Wandt handled the broad jump event, while Phil Blank and Don Tomasini represented the Greyhounds in the pole vault. In the hurdle events Phil Blank, Don Bailey, Dick Curtis and Barry Trader garnered many valuable points. Sprinters Shel Brandtjen, Dick Leslie and Hugo Wandt were outstanding in the 100 and 200 yard dashes and Brandtjen, Marshall Melgard and Willard Holz capably handled the 440 yard run. Jim Hacker, Fred Schlaepfer, Maurice Voland, Walter Brandis and Bill Gaedke were the distance men who handled the half-mile and mile runs. The highlights of the season were the outstanding performances of Shel Brandtjen, Ray Erickson, Jerry Kenkel and Hugo Wandt.

## BASEBALL

Under the direction of Coaches Rinka and Delaney the baseball team played a tough eleven game schedule. The hardballers played the strong teams of Lutheran, South Division, St. Johns, Messmer M. U. S. and Pius.

Over a hundred boys reported for the first practice and after several weeks of training the coaching staff selected fifteen boys to represent Shorewood on the baseball diamond. Several newcomers to the squad developed rapidly and a crop of eight returning lettermen, who provided the experience, combined to make this year's squad a formidable one.

The pitching staff was manned by lettermen hurlers Don Rennieke, Herb Ruehl and Tom Krueger while Bob Smith handled the catching duties. Lettermen Bill Smith, Marv Stabelfeldt, Tom Laffey, and Les Wichman formed the infield that gave the squad a tight inner defense and supplied a strong batting attack. In the outfield newcomer Bob Horwath teamed with Jim Krueger and Dick Weeks to give the horsehiders a strong flychasing contingent.

Temkin, Gross

## TENNIS

Under the leadership of Coach Carl Siefert, the Greyhound tennis squad proceeded to stamp itself as one of the outstanding teams during the season just completed. With lettermen manning most of the positions on the squad and a few outstanding newcomers giving the team balance, the netmen played a long and strenuous schedule against the top teams of the state.

Tom Hoya played the number one singles post and gave a good account of himself in meeting the top singles players in the state. Tim Sauer and Burt Strnad manned the other singles positions and both compiled fine individual records. The combination of Jim Gross and Sherwood Temkin were almost unbeatable in the number one doubles spot, while the sophomore combination of Elliott Meisenheimer and Fred Yahr played capably in the other doubles position. Ben Belknap, Ralph Woodworth, Bob Derzon and Bob Eiseman were other racketmen who performed admirably. These boys were backed up by a fine array of underclassmen material which promises to continue the line of winning Shorewood tennis teams in future years.

Derzon, Woodworth, Eiseman

**BACK ROW:** Bill Banerdt, Pete Johnson, Dave Foster, Dick Pfeil, Allan Stampa, John Kurtz, Chuck McGlynn, Reis Behling, Bob Miller, Bill May. **FRONT ROW:** Allan Ott, Dick Craft, Tom Monfreid, Bob Strass, John Roethle, Ken Coffey, Russel Wirt, Don Abrams, Tom O'Neill.

Allan Stampa, Bill Banerdt, John Kurtz.

## GOLF

Coach Ole Gunderson was forced to build this year's team around newcomers due to the fact that only one letterman, John Kurtz, returned from last year's strong squad. Though prospects were dim at the season's start the squad developed rapidly and since most of the members were underclassmen the experience gained under competitive play will provide a strong squad next year.

In the dual meets the Crimson met the strong squads of Wauwatosa, South Milwaukee, Marquette, Washington, and Whitefish Bay. The season reached its climax in the Hartford Invitational and the suburban and state meets.

The outstanding shooting of John Kurtz, who is considered one of the best golfers in the state, was the highlight of the year. Allan Stampa and Bill Banerdt were other consistent scorers, while Chuck McGlynn, Bob Strass, Dick Pfeil, Jim Hobbs, and Tom Monfried provided the balance needed for a well rounded squad.

*"After two semesters of waiting, the students  
 Finally receive the Copperdome in June, only  
 To moan when seeing their own pictures. Then  
 "Will you sign my Copperdome?" starts. Much time  
 In classes and on the campus is spent carrying  
 Those large books around and writing in them.  
 Shall we meet these people?"*

## QUILL AND SCROLL

Quill and Scroll is a national honorary society open to all students whose work merits that recognition. The society was organized to encourage high caliber work among student journalists. All members of the Copperdome and Ripples staffs whose work has been outstanding in their respective fields are eligible for membership in the Grant Hyde chapter which was formed in 1926. There are two elections held during the year, one in mid-winter, the other at the end of the term.

## NATIONAL HONOR SOCIETY

Senior students whose average is 2.0 or better and juniors with an average of 2.2 or higher are rated twice yearly for admittance to National Honor Society. The students who are eligible are rated by teachers, students, and society members on the basis of leadership, character, and their service to the school. The students who are elected are initiated in an all school assembly in May. Following the assembly a dinner is given by the faculty and parents honoring the new society members.

Dear Joan: —  
 Well, at last  
 we are about to  
 graduate? After  
 all those swell  
 times we've had in  
 social studies, I can't  
 believe it's about  
 over! Good luck to  
 you at Wisconsin  
 must go! You  
 deserve a lot of  
 love and remember  
 the lady that  
 that met you  
 during Soc. St. II.

Dear Joan —  
 Here's lots of luck to a fellow  
 "old" Dragon — I don't think I'll ever forget  
 a training or that night in RONA  
 your basement!!!!  
 Love,  
 Mimi

Jack  
 Dear:

 and let me know  
 all the latest jokes,

## DONA ABRAMSON

Dona entered in 1945 from Neptune, New Jersey. She was active in dramatics for three years and joined Home Economics club and Y-Teens as a senior. "D. D." spent much time painting and sketching often for school organizations. She won honorable mention for her work in the Journal's calendar contest.

## NAOMI AGAZIM

"Na" has been very busy with her activities during her four years at high school. A faithful member of Dramatic club and Hall Monitors for four years, a participant of Sports club for three, a member of the Copperdome staff and Block Captains for two years, she found time to include Y-Teens as a senior.

## HENRY ALLEN

Hank popped into Shorewood after graduating from Atwater and sprinted onto the football field in his freshman year. He trotted to New York for most of his junior year, although he did emote in dramatics for a short while. The football team and Dramatic club were blessed by his presence as a senior.

## ALBERT ARDENELLI

In 1944 Al came from Lincoln high to make his contribution to Shorewood's varied activities. As a sophomore he was appointed manager of the Skating Sextet, and when a senior he sang in A Cappella choir. Al is interested in odd coins and has made quite a large collection of them.

## ROBERT ATWOOD

Bob, an Atwater alumnus, has pepped up many an assembly with his hep playing of the bass viol. He has been a member of the orchestra and band for four years. When he isn't plucking away at his instrument, Bob occupies his time repairing old cars or building airplane models.

## MARY BAEBENROTH

"Marilou" entered Shorewood from Thiensville in 1946. Until then her interest had centered around Glee club, and she continued by joining Mixed chorus. The Ripples attracted her, and she worked as a reporter during her senior year. Mary enjoys her hobbies of skiing or horseback riding, depending on the weather.

## JOSEPH BAER

Joe has been a busy fellow ever since he came here in 1942 from Atwater. He has been a member of the tennis squad since freshman year, but earned his first letter as a wing on the hockey team when a junior. He also played the trombone in the band for four years.

## MITZI BARNETT

Since Mitzi's entry from M.S.T.C. training school she has spent considerable time improving her tennis and horseback riding. As a junior she acquired an interest in our co-curricular program and has served two years in Dramatic club, and one year each in Sports club and Hall Monitors.

## ANNE BAUM

Coming from the Training School at State Teachers' College as a freshman, Annie soon became well acquainted in Shorewood. She entered into dramatics and continued it throughout her sophomore year. As a junior her interests changed, and she joined choir and Hall Monitors and remained with these activities when a senior.

## LORRAINE BECKA

"Beckie" entered Shorewood in 1944 from Browning school. Mixed chorus was the only one of our many activities that interested her, and she has been a faithful member of that organization for four years. Lorraine spends most of her leisure hours roller skating or horseback riding.

## IRVING BECKER

Irv came to Shorewood as a freshman from Steuben junior high. His four years of work in dramatics earned him a Dragon, but left little time for much else. His interest in Latin, besides meriting the presidency of Latin Club in his sophomore year, may have helped his Thespian qualities.

## BEN BELKNAP

"Big Ben's" election as senior class president was the culmination of an active high school career. He was a three year member of Dramatic club, played hockey for three years, and varsity tennis for two. He was a member of Hi-Y, acted as a social chairman, and was elected to National Honor society as a junior.

# SENIORS

## NANCY BELOND

Shorewood high school welcomed Nannie when she entered the seventh grade in the fall of 1942. She became interested in Dramatics club and enrolled in it as a freshman. The following year, however, her interests changed to music and she joined A cappella choir, continuing in it throughout her senior year.

## WALTER BERNDT

"Wally" entered Shorewood from the Good Hope school as a freshman. For two years he was one of those busy young men who is seen rushing around and helping in the cafeteria. However, in his junior and senior years he relaxed, took life easier, and participated only in the academic activities.

## JOHN BIDNEY

Camera club, Hi-Y, and four years in band culminating in a first clarinet position comprised a large share of John's co-curricular program. Besides these activities he was elected to the Student Council in his sophomore year, and in his junior year he was chosen Junior Red Cross representative.

## RENEE BILLEB

A four year member of Mixed chorus, and a member of Block Captains, sports, and Copperdome staff for one year, Renee has proved her varied interests. Renee's hobbies, piano and dancing, have made her many friends at Shorewood; and as a leader in fashion she is rated "tops" by all of them.

## THOMAS BIRCH

Tom was a four year participant in Mixed chorus and a three year member of the Youth Center committee, Co-Curricular board, and Hi-Y. He was elected president of chorus and Hi-Y in his junior and senior years respectively. Tom has been a social chairman and served in Student Council twice.

## NANCY BIRD

"Birdie" has only been with us for two years, but after her arrival from Holy Angels academy she became an active member of Mixed chorus and also served as a hall monitor. Nancy continued the latter activity as a senior and was kept especially busy with her hobby of horseback riding.

## RUTH BISCHOFF

A Greyhound fan since grade school days, "Bisch" divided her co-curricular time among a variety of activities. She was most loyal to Mixed chorus in which she sang for four years. However, Ruth also spent three years in Y-Teens, two each in Home Economics and Sports clubs, and one as a social chairman.

## RICHARD BLAKE

During his three years at Shorewood Dick has shown his real interest in photography by being a faithful member of the Camera club. Much of Dick's extra time was spent at the switchboard where he served as a part time operator for two years. He also played basketball as a sophomore.

## PHILIP BLANK

Phil joined band and orchestra as a freshman and remained a faithful member of both for four years. Football also interested him one year, track the next, and he managed to find time for both sports as a junior and senior. He kept himself busy as a Ripples reporter during his last year at Shorewood.

Dear Joan,

It's been so wonderful knowing  
you. I'll always remember you (you played  
on my dragon, remember?). Honestly, Joan, I  
think you're one of the sweetest girls in  
the Senior class + I wish I'd gotten to

Hi Joanie - I am taking this chance to apologize for anything I ever said that you didn't like - you

sure are swell and I am proud to know a smart good looking girl like you. I only wish I could have known you sooner - your really tops in my books - Those remarks about - (you know what) are true but not meant to be nasty - you swell to have taken them and I remember you as a good sport and friend - Good luck in your future years, although you won't need it - Too bad there isn't anymore social classes - it sure was fun even if I didn't have anything - Be good and have fun - I really mean every word I said - Have the best success and keep that winning charm

## Thank You Patrons

It is your splendid financial support which made it possible for us to publish this annual at a price we felt we could ask our students to pay. We are sure you will be benefited, too, because the Copperdome is read again and again in a thousand Shorewood homes.

Gratefully yours,
